This form grants Resistance Sports Science permission to terminate your gym membership for the facility. You agree that you can only cancel your membership if the minimum term has been met. If your minimum term is not met you may be requested to pay out the remaining.

An Athlete Hub, Junior Athlete Hub or Rehab Hub Member cannot cancel mid-program. If this is requested an estimated programming fee will be added at \$25 p/w for the remaining program that has already been written on the final owing figure.

You agree to a \$10 administration fee to place this cancellation request and accept that your direct debit will stop on the chosen end date, if this cancellation form has fallen in the payment cycle or after you will need to pay until the next payment date. Once your membership has been cancelled you will be required to return your FOB or pay the \$10 fee for loss of FOB and you will no longer have access to the facility.
